The Faces of HMEA

Michelle Donohue, currently the Recruiter, began working for HMEA in September 2009. She had been working in Boston, but as a new Mom, wanted to spend time with her daughter, Cecilia. She saw our ad for a part-time recruiter position, applied, and was hired. She will become the new Vice President of Human Resources in June.

Michelle has a Bachelor's Degree in Business Administration from Boston College, and a master's Degree in Human Resources from Emmanuel College. Her background includes more than 10 years of human resources experience in non-profit and healthcare settings. Her most recent position, prior to coming to HMEA was as Human Resources Manager at Spaulding Hospital.

She also serves on the Board of Directors for the Massachusetts Association for Mental

Health, and is adjunct faculty at Emmanuel College, where she teaches at the graduate level.

Some of Michelle's interests (in addition to her husband Mike, and her daughter) are cooking, music, and gardening. She is known in her neighborhood as the person who tries to grow tropical flowers in the New England climate. An animal lover, she supports her local shelter, the Mass Audubon society and local farms in the area. And, in her "spare" time, she runs in 5K and 10K races.

Michelle is looking forward to the challenge of taking on the role of Vice President. She states: *"I am excited about this opportunity at HMEA and will continue, with the Human Resources Department, to attract, develop, support, and retain the best workforce for today and for the future."* ◀
